

NORTH PARK MINI-PARK & ASSOCIATED STREETScape IMPROVEMENTS

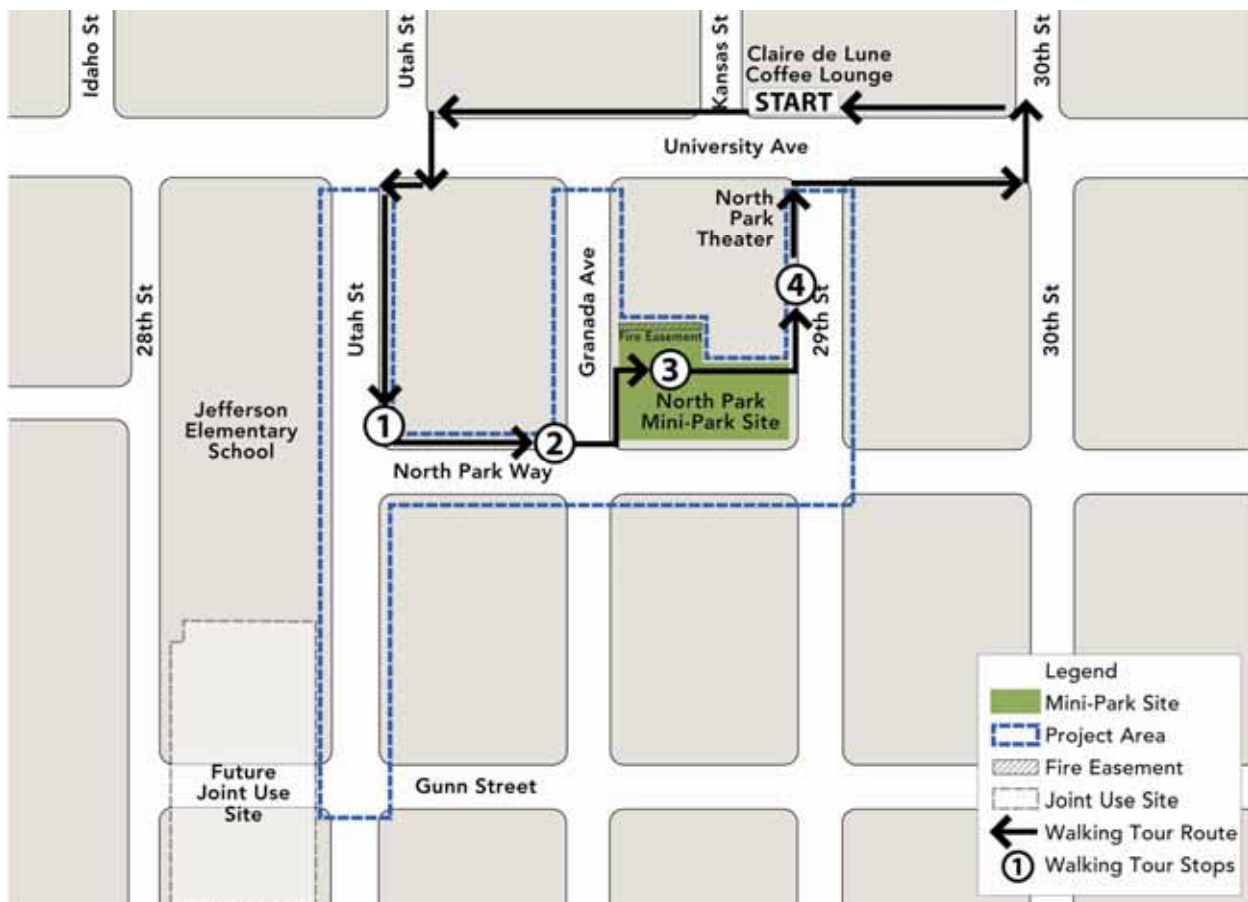

CITY OF SAN DIEGO

WALKING TOUR GUIDEBOOK & COMMENT CARD

Please use this card as a walking tour guide and a tool to record any comments that you would like to share. MIG and City Staff will be leading the tour.
Please turn in your card before leaving the workshop!

This tour of the project area for the North Park Mini-Park and Associated Streetscape Improvements Project is one of many ways to gather community input in developing a General Development Plan (GDP) for the park and a Streetscape Master Plan for the four interconnected streets of 29th Street, North Park Way, Granada Avenue and Utah Avenue. This guidebook is the place for you to share your written comments with the City.

The tour covers four stops and should take approximately one hour to complete. Before we begin the tour, please take a moment to familiarize yourself with the guidebook to help prepare you to analyze each site and answer the questions in this guidebook. Please exercise safety when taking the tour: obey all traffic signals and only cross streets at crosswalks. If you are driving the tour at a later date, please obey all traffic laws and do not attempt to drive, look and write at the same time!

What do you consider to be the greatest strengths and assets about the North Park Mini-Park area as well the surrounding streets of 29th Street, Granada Avenue, North Park Way and Utah Street?

What do you consider to be the greatest issues or challenges for the project area?

What opportunities and activities do you envision for the North Park Mini-Park site? What are your top three priority improvements?

What opportunities do you envision for improving the streetscape of 29th Street, North Park Way, Granada Avenue and Utah Street? What are your top three priority improvements?

How will the improvements be maintained? What are the various alternatives that you would like to explore?

Other comments.
